#### Activity details:-

Mask making activity was being discussed since the end of April but due to shortage of resource it was not being able to be executed. Finally on 5<sup>th</sup> May, 2020 it was decided that the volunteers who are having cloths to prepare masks should pass on the clothes to the ones having sewing machine. The ones having sewing machine will stitch the masks to be distributed. With the co-operation of all and hard efforts taken by the volunteers we produced 300 masks. Out of which 100 masks were distributed in the vicinity of the volunteers making it and 200 were passed on to the 'Yuva Unity' organization for distributing it among the migrants walking towards home on the Nashik Highway.

An important role was played by Volunteer Shashi Patel (F.Y.B.Com) who helped to move the cloth material from one place to another. Ms. Priyanka Verma (Alumini of our college) stitched 50 masks and Noor Alam Shaikh (Alumini of our college) collected masks from all volunteers and handed over the masks to Mr.

~~Rakesh Chaiwadi, President, The Yuva Unity Foundation.~~

### **REPORT ON BLIND SCHOOL VISIT**

On Tuesday 13<sup>th</sup> August 2019, Department of Lifelong Learning and Extension (DLLE) visited Pragati blind school situated in Badlapur. DLLE committee visited the school with 25 students at 2.30 pm. The main motto behind this visit was to make students aware about the capabilities of blind people such as talents, recognition power and their sensing techniques.

We met with the principal of the school, secretary and teachers. They told us about ideas and concepts of the school. Students showed their talent through variety of tunes with the help of orchestra and some students showed us braille language, their special books and writing system. They were fabulous and dedicated in their work.

We were surprised to see the room which was full of memories and honors like medals, certificates, awards and handmade articles specially crafted by Blind students which was unbelievable. Lastly, we went to computer laboratory - 6<sup>th</sup> class student introduced us with the Dolphin Screen Reader software in a frequent speed with perfection, that was such an amazing interaction.

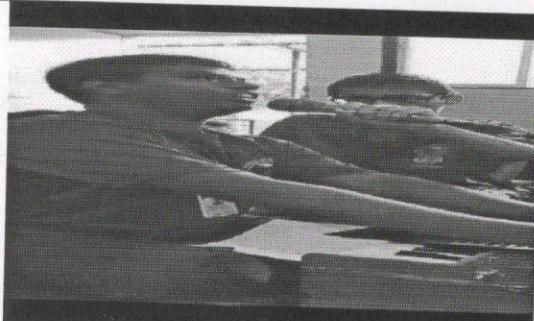

At the end we distributed some snacks and gifts to the students.

We need to learn from them to be happy and accept every situation in life with due respect. The entire visit gave guidance to us that people can do many things without having the nature's beautiful thing that is EYES.

Communicate. Talk to your friends/ relatives about the risks of drug use and misuse.

Listen. Be a good listener when your friends talk about peer pressure, and be supportive of their efforts to resist it.

Set a good example.
