REPORT ON BLIND SCHOOL VISIT

On Tuesday 13th August 2019, Department of Lifelong Learning and Extension (DLLE) visited Pragati blind school situated in Badlapur. DLLE committee visited the school with 25 students at 2.30 pm. The main motto behind this visit was to make students aware about the capabilities of blind people such as talents, recognition power and their sensing techniques.

We met with the principal of the school, secretary and teachers. They told us about ideas and concepts of the school. Students showed their talent through variety of tunes with the help of orchestra and some students showed us braille language, their special books and writing system. They were fabulous and dedicated in their work.

We were surprised to see the room which was full of memories and honors like medals, certificates, awards and handmade articles specially crafted by Blind students which was unbelievable. Lastly, we went to computer laboratory - 6th class student introduced us with the Dolphin Screen Reader software in a frequent speed with perfection, that was such an amazing interaction.

At the end we distributed some snacks and gifts to the students.

We need to learn from them to be happy and accept every situation in life with due respect. The entire visit gave guidance to us that people can do many things without having the nature's beautiful thing that is EYES.
